GFPT Public Company Ltd.—Blood Boiling Room

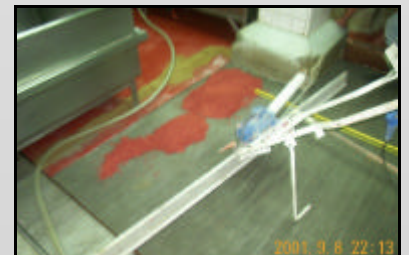

By way of an initial trial of the Densitop® system by chicken processor GFPT Public Company Limited, a repair to possibly the most seriously abused floor in the whole facility was chosen.

GFPT process over 160,000 birds per day with blood being immediately “cooked” on site in boilers. During one days production, each boiler will be flushed out directly onto the floor approximately 6-8 times.

The requirement of the Densitop® system was to withstand the thermal shock of the 80-90°C water, be non-slip at all times, and above all be durable.

To date the floor is performing as expected and has resulted in the installation of approximately 2,500m² of Densitop® floors in GFPT’s new secondary processing plant.

PROJECT DETAILS

Project Title

Densitop LT Flooring to Blood Boiling Room

Client

GFPT Public Company Limited

Details

Replacement of existing concrete screed and installation of 25-30 mm thick Densitop LT topping incorporating steel fiber reinforcement

Completion

August 2001

PROJECT REFERENCE

HAMMERSMITH

GFPT Public Company Ltd. - New Secondary Processing Plant

Following the success of the extended trial of the **Densitop**[®] system in the extremely arduous conditions found in the “Blood Boiling Room” of Plant 1, **Densitop**[®] floors were specified and installed throughout GFPT’s new secondary processing plant completed in July of 2002.

An ongoing program of floor improvements and upgrades will see an additional 800m² of Densitop floors installed in the old plant during the Christmas / New Year 2002 shutdown period.

Project Details

Chill Room 1 - Densitop [®] MT	m ²	170
Chill Room 2 - Densitop [®] MT	m ²	145
Loading Boot - Densitop [®] MT	m ²	40
Basket Washing - Densitop [®] MT	m ²	25
Further Processing - Densitop [®] MT	m ²	750
Further Processing Store- Densitop [®] MT	m ²	50
Further Hot Room - Densitop [®] LT	m ²	260
IQF Freezer Room - Densitop [®] MT	m ²	130
Further Packing - Densitop [®] MT	m ²	300
Storage 1&2 - Densitop [®] MT	m ²	30
Further Cartoning - Densitop [®] MT	m ²	125
Premix prep and storage - Densitop [®] MT	m ²	90
Oil Room - Densitop [®] MT	m ²	70
Wash Room - Densitop [®] MT	m ²	75
Gutters & Curbs 1 st F - Densitop [®] MT	m ²	150
Gutters & Curbs 2 nd F - Densitop [®] MT	m ²	220
TOTAL		2630
