

STAIR CASE STRUCTURAL STEELWORK - HONDA HEAD OFFICE

At Hammersmith we are able to offer a genuine “one stop shop” to our Clients for all of their adjoining floor connection requirements. Be these for single penetrations and simple floor to floor connecting stairs, multiple through floor penetrations and multi story stair cases or “in building” private use elevators.

With the in house ability to design structural strengthening and stair structures and teams of skilled tradesmen to carry out the works, Hammersmith have been making vertical connections for offices, hotels and private dwellings for over 20 years.
